The Bungee Bidgel Aboriginal Health Clinic is a local community health initiative supported by the Northern Sydney Local Health District (NSLHD) – Aboriginal Health Unit, Hornsby Hospital General Practice Unit, partner services and management within NSLHD, Northern Sydney Medicare Local, Sydney North Shore and Beaches Medicare Local, Community Care Northern Beaches, Hornsby Council, Community Representatives and other local services.

The initiative acknowledges the traditional custodians of the land on which we work and pays respect to Elders both past and present.

This initiative also advises that this brochure may contain images or names of deceased Aboriginal and Torres Strait Islander people.
